Prospective Employers – CORI INFORMATION

M.G.L. c.71. 38R requires all schools to conduct criminal background checks on current and prospective employees, volunteers, and employers, including those who regularly provide school-related transportation to students, and those who may have direct and unmonitored contact with students.

The CORI law requires a school or district to notify all persons for whom CORI will be requested.

CORI's are issued by the Superintendent of Schools, 4 Pine St. Vineyard Haven. (across from the Tisbury School parking lot)

- Applicants should bring a photo ID (passports are accepted) to the office.
- * Applicants will be required to complete a CORI Request Form.
- The Superintendent files the request with the State and notifies the local school.

Thank you for your interest and cooperation.
