

## 2025-2026 AP Stats Summer Work

Ms. Brailard

[mbrailard@mvrhs.org](mailto:mbrailard@mvrhs.org)

Hi Seniors,

I'm excited to welcome you to next year's AP Statistics class! You should have received a Google Classroom invite from me—please check your email. If you haven't received the invite, send me an email as soon as possible so I can get you added.

There will be a **summer assignment** posted on the **AP Classroom** section of the College Board website. Access to the AP Classroom typically opens **sometime in July**, so please be on the lookout for updates and instructions posted in Google Classroom. Over the summer, you'll be working through **Unit 1** to help us get a head start on the year. AP Statistics covers a wide range of topics in a short amount of time, so beginning our learning early will set us up for success.

If you have any questions or issues accessing the materials, don't hesitate to reach out. I'm looking forward to a great year of learning together!

There will be an **assessment during the first two weeks of school** covering the summer material. This will help both you and me determine whether AP Statistics is the right fit for you and ensure you're set up to succeed in the course.

Enjoy your summer and see you in the fall,

**Ms. Brailard**
